ISBN: 978-1-4522-6774-6

February 2014, 840 pages

The **Second Edition** of the cutting edge work, The **Handbook of Humanistic Psychology**, by Kirk J. Schneider, J. Fraser Pierson and James F. T. Bugental, represents the very latest scholarship in the field of humanistic psychology and psychotherapy. Set against trends inclined toward psychological standardization and medicalization, the handbook offers a rich tapestry of reflection by the leading person-centered scholars of our time. Their range in topics is far-reaching—from the historical, theoretical and methodological, to the spiritual, psychotherapeutic and multicultural. The handbook illuminates the vibrant "heartland" of the humanistic perspective and invites the reader to experience its profundity and inspiration.

NEW TO THIS EDITION:

- Offers the **latest scholarship** in the fields of humanistic psychology and psychotherapy with contributions from 23 additional authors
- **Thirteen new chapters and sections are included in the thoroughly updated Second Edition**
- Covers important new **developments in neurophenomenology**, humanistic-integrative therapies, humanistic multiculturalism, humanistic perspectives on development, personality, organizational psychology, social activism, peace and ecological psychologies, **existential and transpersonal psychologies, whole-person healthcare, gender, and humanistic eldercare**

KEY FEATURES:

- Promotes the **fuller, deeper, and more personal psychological orientation** for which students and professionals yearn
- Provides readers with a **multifaceted understanding of the field** through expertise in a vast range of topics
- Contains the **leading person-centered perspectives** of our time
- **Illustrates the application of existential-humanistic perspectives** in ways readers can draw upon personally and professionally
